Recycling and Waste Management Website

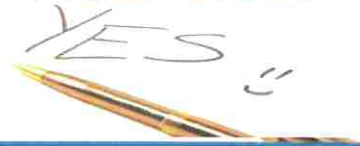

Mandatory Commercial Recycling for all Business's

Effective July 1, 2012 California Assembly Bill 341 went into effect mandating commercial recycling for all businesses that generate more than 4 cubic yards of waste per week and Multi-Family dwellings with 5 or more units, regardless of the amount of waste generated

DO I NEED TRASH SERVICE?

As of June 2011, the Santa Paula City Council approved the privatization of Municipal Refuse and Recycling services for the City of Santa Paula to Athens Environmental Services.

Per the City of Santa Paula California Municipal Code Public Works Title V Chapter 50.015

COLLECTION REQUIRED: responsible persons must arrange with the city or a franchisee for collection service as set forth in this chapter (ord. 1091, passed 01-05-04)

<http://amlegal.com/library/ca/santapaula.shtml>

CONTAINERS; USE:

- A. Responsible persons must keep in a suitable place one or more containers capable of holding, without spilling, leaking, or emitting odors, all solid waste that accumulates on the premises between the times of two successive collections.
- B. Responsible persons must deposit in containers or commercial bins provided by the city or franchisee all solid waste generated or accumulated on premises
- C. it is unlawful for any person to place ashes which are not cold and free from fire in any container (ord. 1091, passed 01.05.04)

Please contact the City's Franchised Hauler: Athens Environmental Services at 805-933-0100 for service. You may also visit their website at
